

### About

Refrigerated showcase ensure great conditions for storing food and also help to eliminate the food getting out of their quality. Cuboid-shaped, promotional display, glass from each side of the showcase - designed to display objects through each side.

Suitable for shops or canteens, where customers can see the products inside the showcase. However only staff can get the products out (the doors are made only from one side of the showcase).

Made from stainless steel material, so it is easy to clean and guarantees a long-term service life. You can choose to light up a showcase or not.

Our showcases are designed with security in mind – we offer this showcase either in lockable or non-lockable version. If it comes to cover/opening, you can choose from tilting glass, sliding doors, or clapper doors.
